MECHANICAL / AVIONICS LAMES & AMES, COMPONENT OVERHAUL TECHNICIAN & TRADES ASSISTANT

- Multiple opportunities in regional NSW and Brisbane
- Diverse range of exciting projects
- One of Australia's fastest growing and best supported helicopter MROs

Eagle Copters Australasia is a rapidly expanding Helicopter Sales, Leasing and Maintenance organisation with facilities in Coffs Harbour, NSW and Redcliffe, QLD. As part of global organisation Eagle has a presence in Canada, the USA and Chile. We are seeking expressions of interest from enthusiastic self-starters to fill current and future opportunities within our organisation across both facilities and a range of skill sets. We have a number of full-time opportunities available, as well as opportunities for project specific contracts.

Mechanical and Avionics L/AMEs

We seek suitability qualified and motivated individuals to join our engineering and avionics teams and will consider applications from both licenced and unlicensed engineers with solid relevant experience.

The **Mechanical L/AME** role will involve carrying out mechanical tasks related to the maintenance, repair and overhaul of helicopter airframe and powerplant in accordance with airworthiness regulations, approved documentation, manuals and procedures. To be considered for these positions you will need:

- Helicopter maintenance qualifications and experience
- The ability to read and interpret maintenance manuals and applicable OEM documentation
- Experience and qualifications on light and medium Bell, Airbus and Leonardo models will be highly regarded

The **Avionics L/AME** role will require you to work within an inclusive team focussed on modifications, upgrades and R&D for avionics and software systems. To be considered for these positions you will need:

- Solid experience within a highly regulated industry and a good understanding of system safety, compliance and certification
- Knowledge of hardware, software or avionics
- Knowledge of electrical wiring and the ability to read and interpret wiring diagrams, instruction manuals and OEM data
- Experience in system verification from both a performance and compliance perspective

Overhaul Shop Technician

We seek a technician for our Component Workshop to work with our team at our Redcliffe facility. Previous experience in component repair and overhaul or solid experience as an aircraft mechanic is essential to the position. In this position you will be required to:

- Assist the senior technician with major overhauls, repairs and inspections
- Assist with the teardown and reassembly of components
- Blast and clean parts
- Maintain compliance with FOD policies and procedures
- Read and interpret maintenance manuals and applicable component repair and overhaul documentation

Trades Assistant

As a Trades Assistant you will be assisting with maintenance activities at the direction of the Chief Engineer. Candidates for the Trades Assistant position will possess a solid mechanical repair background with an interest in aircraft maintenance.

Candidates for all positions will possess:

- Excellent written and verbal communication skills
- The ability to understand, read and write in English as per CASA regulations
- Excellent attention to detail and a demonstrated ability to follow instructions
- A commitment to safety
- Competency in MS Office applications and the ability to work within computer aided maintenance systems to record maintenance activities
- The ability to prioritise tasks and work both autonomously or as a team member to achieve delivery schedules
- Be committed to high levels of customer service
- Have the right to live and work in Australia

We are a friendly and flexible team of aviation professionals with an exemplary focus on customer service and maintain high standards of integrity and professionalism in all dealings. Eagle Copters offers a safe workplace with opportunities for training and personal development.

To be considered for one of the above positions, you must have the right to live and work in Australia. Your application must include a covering letter and resume and be received no later than 11:59pm ADST Sunday 29th March 2020.

Please email all applications to info@eaglecopters.com.au
